

Child Haven Halloween Party

Cosmo entertains the children at Child Haven.

Our Family Preservation Team hosted a Halloween party for the children at Child Haven in October. Thanks to the generous contributions of the community and the Metropolitan Las Vegas Soroptimist Club, we were able to provide lunch, treats, a new costume for every child and pumpkins to decorate.

Cosmo, from the Las Vegas 51's entertained the children and passed out hats, t-shirts, blankets and helped the children have a fun-filled day.

It is especially heartwarm-

ing to know that this day made the children feel special, and for a time they could forget about their circumstances and just have fun with Cosmo at the party.

The staff at Child Haven indicated that some children said they had never had a Halloween costume before.

Bridge will repeat the costume drive again next year because we have just as much fun as the children do, and this is one way to make a difference in a child's life.

Halloween Party Coordinators led by Poco Davis

Thank you everyone for helping Bridge make this an annual event that brings joy to deserving children in difficult circumstances.
